

14A - Bicycle Improvements Program

Original Project Total Cost: \$ 13,522,000

Total Operating Cost: \$ -

Alternate Project Total Cost: \$ 9,001,000

Alternate Total Operating Cost: No change

Project Description: Both the original and alternate projects are lump sum projects with capital funds to be spent on the construction of safe and connected bicycle facilities throughout Athens-Clarke County. The alternate project is presented as an approximate 1/3 reduction in cost compared to the original. Projects would be selected from the Mayor and Commission accepted Athens in Motion Plan (accgov.com/athensinmotion).
