

HOW TO READ YOUR WATER BILL...

The back of your bill has an explanation of the rate structure, as well as bill payment and contact information.

- 1 Use the account number when you contact us.
- 2 Date payment must be received before incurring a late fee.
- 3 Total number of days billed this month. Water usage charges may vary depending on number of days in the billing cycle.
- 4 Billing is based on Winter Average for residential customers and Annual Average for non-residential customers. Multiply this gallon amount by the number of days in the billing cycle (#3) for your current month's Winter or Annual average. [More info.](#)
- 5 Beginning date and end date of this billing period
- 6 Last meter reading and meter reading for this month in gallons. Reading is converted to gallons to calculate charges. One cubic foot = 7.48 gallons.
- 7 Water is charged in 1,000-gallon units. For example, 7,000 gallons shows as 7.00. This is the total amount of water used in the billing period.
- 8 RATE STRUCTURE – Breakdown of water usage charged in each Tier. [More info.](#)
- 9 This section includes all other charges for specific services. The Monthly Customer Service Fee covers overhead costs for meter reading, meter maintenance, and billing operations.
- 10 Watch here for important information about your water services.
- 11 A history of customer's water use.
- 12 This portion to be detached and returned with payment. A 10% late fee is charged if payment is not received by the due date.
